World Mental Health Day

“This year’s World Mental Health Day, on 10 October, comes at a time when our daily lives have changed considerably as a result of the COVID-19 pandemic. The past months have brought many challenges: for health-care workers, providing care in difficult circumstances, going to work fearful of bringing COVID-19 home with them; for students, adapting to taking classes from home, with little contact with teachers and friends, and anxious about their futures; for workers whose livelihoods are threatened; for the vast number of people caught in poverty or in fragile humanitarian settings with extremely limited protection from COVID-19; and for people with mental health conditions, many experiencing even greater social isolation than before. And this is to say nothing of managing the grief of losing a loved one, sometimes without being able to say goodbye.”

NEW ENCYCLICAL FROM POPE FRANCIS

Pope Francis has released his 3rd encyclical entitled “Fratelli tutti”. (Brothers and Sisters All) It will address life after the Pandemic, and call all peoples to recognise a brother or sister in each person they meet, particularly those who suffer. The Pope will highlight the challenges being faced throughout the world at this time, especially inequality, division, violence and the digital age. He will offer a vision of life post covid-19, that is characterised by true fraternity and solidarity, and the cultivation of friendship through justice and care for all. For those wishing to access the encyclical please go to... www.vatican.va

Next week’s readings are at the back of each church.
